Confap - Horizon Europe

Saiba mais

Resumo:

O Horizon Europe é o nono programa-quadro europeu de Pesquisa e Inovação (2021-2027). A expectativa é que este programa ajude a fortalecer a base de conhecimento europeia por meio de pesquisas de fronteira, estimular inovações e apoiar o desenvolvimento e a demonstração de soluções inovadoras, além de ajudar a restaurar a indústria e a economia, ao mesmo tempo em que se enfrenta a pandemia de coronavírus e os desafios climáticos.

Data:

31 de Dezembro de 2027.

Valor:

Orçamento de 100 mil milhões de EUR.

Confap - Parceria CONFAP & Australian Department of Education, Skills and Employment (DESE)

Saiba mais

Resumo:

O Memorando de Entendimento (MoU) entre o Conselho Nacional das Fundações Estaduais de Amparo à Pesquisa (CONFAP) e Australian Department of Education, Skills and Employment (DESE) viabiliza atividades que motivam pesquisadores australianos e brasileiros a atuarem conjuntamente em projetos de pesquisa; possibilita a mobilidade de pesquisadores, alunos de pós-doutorado e alunos de pósgraduação (incluindo doutorado e mestrado) entre os países (quando for autorizado a mobilidade pelas autoridades sanitárias de ambos os países em razão da pandemia de Covid-19); a realização de seminários, workshops e publicações para promover os resultados das atividades conjuntas; e a preparação e coordenação de outras atividades em conjunto que possibilitem o intercâmbio científico entre o Brasil e a Austrália.

Data:

13 de dezembro de 2025.

Valor:

Não há limite de valor.

Confap - Prêmio CONFAP de Boas Práticas em Fomento à CT&I 2022

Saiba mais

Resumo:

O Prêmio CONFAP de Boas Práticas em Fomento à CT&I (Edição 2022) é um iniciativa do Conselho Nacional das Fundações Estaduais de Amparo à Pesquisa (CONFAP), e tem por objetivo, premiar cases de boas práticas das Fundações de Amparo à Pesquisa (FAPs), e reconhecer ações e procedimentos criativos, diferenciados, inovadores, eficientes e eficazes no fomento ao desenvolvimento e execução da Política Nacional de CT&I e, que por consequência, tenham potencializado a interação entre academia, setor produtivo, governo e sociedade e elevado a qualidade e/ou a quantidade de pesquisas científicas apoiadas pela FAP.

Data:

04 de Novembro de 2022.

Valor:

certificado, troféu e medalha.

Confap - Prêmio CONFAP de Ciência, Tecnologia e Inovação - Professora Odete Fátima Machado Da Silveira 2022

Saiba mais

Resumo:

O Prêmio CONFAP de Ciência, Tecnologia e Inovação "Professora Odete Fátima Machado da Silveira" (Edição 2022) é uma iniciativa do Conselho Nacional das Fundações Estaduais de Amparo à Pesquisa (CONFAP). Será concedido a pesquisadores(as) que se destacaram em pesquisas científicas, tecnológicas e de inovação, cujos resultados geraram conhecimento e beneficiaram, direta ou indiretamente, o desenvolvimento e o bem-estar da população brasileira. O Prêmio também reconhecerá a atuação de profissionais de comunicação que, por meio do jornalismo científico, contribuíram para a aproximação entre a CT&I e a sociedade brasileira.

Data:

04 de Novembro de 2022.

Valor:

R\$114 mil em várias frentes.

Senai/Sesi - Plataforma Inovação para Indústria 2022

Saiba mais

Resumo:

A Plataforma Inovação para a Indústria é uma iniciativa do Serviço Nacional de Aprendizagem Industrial (SENAI) e Serviço Social da Indústria (SESI) que tem como objetivo financiar o desenvolvimento de soluções inovadoras para a indústria brasileira, que promovam o aumento da produtividade e competitividade industrial brasileira, ou ainda que promovam a otimização da segurança e saúde na indústria.

Data:

Enquanto houver recurso disponível;

Valor:

Até 11 milhões em dois eixos.

AvH - Fraunhofer-Bessel Research Award 2022

| | |
|----------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  Saiba mais | <p>Resumo: The Humboldt Foundation and the Fraunhofer Society for the Advancement of Applied Research jointly grant up to three Fraunhofer-Bessel Research Awards annually. Academics can be nominated for the award if their accomplishments in applied research to date have earned them recognition as internationally outstanding specialist researchers and if they are expected to continue producing cuttingedge academic achievements and have a lasting impact beyond their area of specialisation.</p> <p>Data: Sem prazo.</p> <p>Valor: €45,000.00</p> |
|----------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

AvH - Humboldt Research Award

| | |
|----------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  Saiba mais | <p>Resumo: The Alexander von Humboldt Foundation (AvH) is a non-profit foundation established by the Federal Republic of Germany for the promotion of international research cooperation. It enables scholars not resident in Germany to spend extended periods of research in Germany and promotes the ensuing academic contacts. Every year, the Alexander von Humboldt Foundation grants up to 100 Humboldt Research Awards to internationally renowned academics from abroad in recognition of their entire academic record to date.</p> <p>Data: Sem prazo.</p> <p>Valor: €60,000.00</p> |
|----------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Awesome Foundation - New Chapter

| | |
|----------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  Saiba mais | <p>Resumo: Most chapters show a strong preference for projects that contribute to their own communities, though some occasionally consider applications from further afield. Try to apply to a chapter near you, in a location where you have roots, or that you think would have a particular interest your idea. If this isn't possible, you can select "Any" on the application form or apply to one of a handful of thematic chapters.</p> <p>Data: Sem prazo.</p> <p>Valor: US\$1,000.00</p> |
|----------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Coca-Cola Foundation - Grants Program

| | |
|--------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  Saiba mais | Resumo: The Grants Program supports proposals focused on those initiatives that align with Coca-Cola Foundation's overall Community Investment Priorities. |
| | Data: Sem prazo. |
| | Valor: Não há limite de valor. |

DRK Foundation - Funding

| | |
|--------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  Saiba mais | Resumo: Through the Funding, the DRK Foundation seeks to dramatically improve the lives of people and the world around us through innovative strategies, systems changing approaches, and disrupting technologies. The Foundation goal is to find social entrepreneurs with dynamic ideas and nurture them at the early stages with maximum leverage and total commitment. |
| | Data: Sem prazo. |
| | Valor: US\$300,000.00 |

ICUB - Visiting Professors Fellowship Program

| | |
|----------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  Saiba mais | Resumo: The Visiting Professors Fellowship Program are residential scholarships for a period that can vary between fourteen days and twelve months. The purpose of these fellowships is to foster scientific collaborations and to encourage the development of high-quality international co-operative projects (conferences, courses, research seminars or exploratory workshops). |
| | Data: Sem prazo. |
| | Valor: 100 leu/day and a reimbursement for internacional transport. |

Tübitak - Fellowships for Visiting Scientists and Scientists on Sabbatical Leave

| | |
|----------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  Saiba mais | Resumo: The Scientific and Technological Research Council of Turkey (Tübitak), through the Fellowships for Visiting Scientists and Scientists on Sabbatical Leave, grants fellowships for international scientists/researchers who would like to give workshops/conferences/lectures or conduct R&D activities in Turkey in the fields of Natural Sciences, Engineering and Technological Sciences, Medical Sciences, Agricultural Sciences, Social Sciences and Humanities. The program aims to promote Turkey's scientific and technological collaboration with countries of the prospective fellows. |
| | Data: Applications are accepted on a rolling basis. |
| | Valor: For the academician with the Professorship title maximum 8750 TL/month |

Roddenberry Foundation - The Catalyst Fund

| | |
|--------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  Saiba mais | <p>Resumo: The Catalyst Fund was created because the Roddenberry Foundation believes that philanthropists, and foundations in particular, need to take more risks. As a field it is needed to do more to encourage experimentation, creativity, and innovation from each other and from those organizations and individuals the Roddenberry Foundation supports.</p> <p>Data: Proposals are accepted year-round.</p> <p>Valor: Grants between US\$2,500.00-US\$15,000.00.</p> |
|--------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Usaid - Development Innovation Ventures (DIV)

| | |
|--------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  Saiba mais | <p>Resumo: The Development Innovation Ventures (DIV) is Usaid's open innovation program that tests and scales creative solutions to any global development challenge. By investing in breakthrough innovations driven by rigorous evidence, Usaid impacts millions of lives at a fraction of the usual cost. Usaid provides flexible, tiered grant funding to test new ideas, take strategic risks, build evidence of what works, and advance the best solutions.</p> <p>Data: Applications are accepted and evaluated on a rolling basis, year-round.</p> <p>Valor: De US\$200,000.00 a US\$1.500.000.00</p> |
|--------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

DFG - Research Training Groups / International Research Training Groups

| | |
|----------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  Saiba mais | <p>Resumo: Research Training Groups are established by universities to promote early career researchers. They are funded by the DFG for a period of up to nine years. Their key emphasis is on the qualification of doctoral researchers within the framework of a focused research programme and a structured training strategy. Research Training Groups with an interdisciplinary approach are warmly welcomed.</p> <p>Data: Draft proposals: no deadline</p> <p>Valor: The DFG can only fund the project-specific costs incurred by the German partner university.</p> |
|----------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

iF World Design Guide - iF Social Impact Prize 2021

| | |
|----------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  Saiba mais | <p>Resumo: In April 2018, the non-profit iF Design Foundation was established. Its aim is to promote design and its social significance, free from commercial pressures and restrictions. This new foundation replaces iF Industrie Forum Design e.V. (iF e.V.), which operated from 1953 until 2018. The iF Design Foundation is based in the German city of Hannover.</p> <p>Data: Can submit your project any time.</p> <p>Valor: The best projects will be honored with a prize money of €100,000.00 in total.</p> |
|----------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

IIE - Scholar Rescue Fund

Saiba mais

Resumo:

The Institute of International Education's Scholar Rescue Fund (IIE-SRF) is the only global program that arranges and funds fellowships for threatened and displaced scholars at partnering higher education institutions worldwide. Since 2002, IIE-SRF has received more than 3,000 requests for assistance from scholars in over 100 countries. We have awarded IIE-SRF fellowships to 957 scholars from 60 countries, placing them at 442 host partner institutions in 51 countries around the world.

Data:

Applications and nominations are accepted throughout the year. Accepted applications will be evaluated by the Selection Committee on a quarterly basis.

Valor:

These year-long fellowships of US\$25,000.00 support temporary academic positions at institutions of higher learning anywhere in the world where IIE-SRF fellows can continue their work in safety.
